

StreetShoe[®] NXT

WATERBASED WOOD FLOOR FINISH

StreetShoe[®] NXT

is easy to apply

and is the toughest, most chemical resistant, fastest curing finish on the market. This fast curing formula allows for earlier access to coated floors in all environments – commercial, sports and residential.

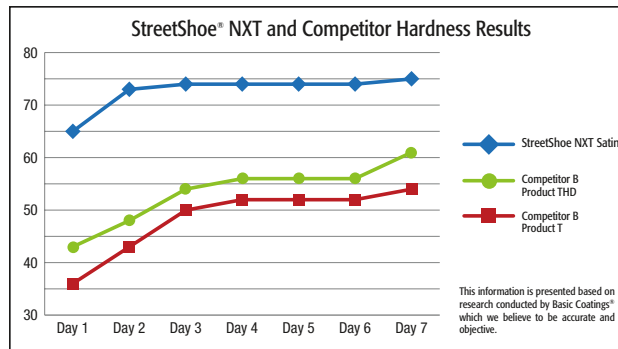

StreetShoe® NXT adds beauty and protection

to any environment, and its UV inhibitors minimize sunlight-related color changes. Its excellent chemical resistance to common household chemicals makes StreetShoe NXT ideal for use in kitchens, entryways and living rooms. StreetShoe NXT also provides the durability and performance needed for commercial, residential and even sports floors.

THE FASTEST CURING AND TOUGHEST FINISH ON THE MARKET

StreetShoe NXT is perfect for commercial facilities because of its fast cure times and durable properties. A coat of finish can be applied at night, and heavy traffic can resume the next day.

König Hardness Scale

StreetShoe NXT wins the race for faster cure times and overall hardness when compared to competitor.
