

# SPECIALISED TIMBER SPORTS FLOOR

*Chemical Surface Scrub*

# CHEMICAL SURFACE SCRUB

*Is your sports floor slippery due to contaminants?*

The intensive Shoreline chemical scrub cleaning process can breathe new life into your timber sports floor asset.

Shoreline Sports Floors can provide an intermediate chemical scrub for your timber sports floor to remove the toughest dirt and residue. Commercial strength cleaning agent is coupled with purpose built scrubbing equipment to lift existing build-up and rejuvenate the timber sports floor at a fraction of the cost of complete re-coat maintenance. Oils, greases & body fats are the enemy of your sports floor system and they will adversely affect the sports surface slip resistance being provided to end users, they need to be removed.

This specialised deep clean scrub can renew the slip resistance between annual re-coat periods to keep the sports court asset at its very best all year round.
